

Report on the ISTE Event: CYBERGUARD

Event Title: CYBERGUARD (Protect, Prevent, Prevail)

Date: 17th March 2025, Monday

Time: 3 PM - 5 PM

Venue: Vivekanand Hall

Organized by: ISTE Student Chapter, Government Polytechnic for Girls, Surat.

Introduction:

The Indian Society for Technical Education (ISTE) student chapter successfully organized a seminar titled "CYBERGUARD" at the Government Polytechnic for Girls, Surat. The event was held on 17th March 2025, from 3 PM to 5 PM in the Vivekanand Hall. The seminar aimed to educate students and faculty about cyber awareness and the importance of protecting oneself from cyber threats.

Event Highlights:

1. **Student Speech:** The seminar commenced with a student speech where the speaker welcomed all the attendees, including faculty members and students. She extended a special welcome to the new comers who had recently obtained ISTE membership. Her speech set a positive tone for the event, emphasizing the significance of staying informed about cybersecurity.
2. **Principal's Address:** Following the student speech, the principal delivered an inspiring address. He warmly welcomed the new student members and highlighted the importance of cybersecurity in today's digital age. The principal encouraged everyone to actively participate in the seminar and learn from the expert speakers.
3. **Keynote Lecture by Rajesh Pradhan:** The keynote lecture was delivered by Mr. Rajesh Pradhan, lecturer of IT Department an expert in cyber awareness. His lecture provided valuable insights into the various aspects of cybersecurity, including potential threats, preventive measures, and

best practices. The audience found his presentation engaging and informative.

4. **Real Use Cases of Cyber Fraud:** Two student speakers, Pari from the IT department and Mahek from the Computer Science department, presented real use cases of cyber fraud. They explained different scenarios where individuals and organizations have been affected by cyber-attacks. Their presentations were well-researched and helped the audience understand the practical implications of cybersecurity.

Conclusion:

The CYBERGUARD seminar was a great success, thanks to the active participation of students, faculty, and the expert speakers. The event not only raised awareness about cybersecurity but also equipped the attendees with the knowledge to protect themselves from cyber threats. The ISTE team and the ISTE coordinator deserve special appreciation for organizing such an informative and impactful event.

Acknowledgment:

A heartfelt thank you to all the participants, speakers, and organizers who made this event possible. Special thanks to the Government Polytechnic for Girls, Surat, for providing the venue and support.
