Help prevent the spread of respiratory diseases like COVID-19

WASH YOUR HANDS

Wash your hands with soap and warm water regularly.

COVER A COUGH OR SNEEZE

Cover your cough or sneeze with your sleeve, or tissue. Dispose of tissue and wash your hand afterwards.

DON'T TOUCH

Avoid touching eyes, nose or mouth, especially with unwashed hands.

KEEP YOUR DISTANCE

Avoid close contact with people who are sick

STAY HOME

If you experience respiratory symptoms like a cough or fever, stay home.

GET HELP

If you experience symptoms of COVID-19 (cough, fever, shortness of breath), call your health care provider.

Industry Academia Meet 1 Feb 2021

“Industry Academia meet” was conducted successfully by DTE, Gandhinagar and I-hub at VNSGU, Surat on 1st February 2021. This event was chaired by Smt. Anju Sharma, Honorable Principal Secretary, Education Department and co-chaired by Shri. M.Nagarajan, Director, Higher Education Department, Prof. Himanshu A. Pandya, Registrar, Gujarat University, Mr. Hiranmay Mahanta, CEO, i-hub, Mr. Ashish Gujarathi, vice president, SGCCL. This meet was attended by trustees, Principals, Representative from various industries. Lecturers Pratik Mahendra Bagul and Mrigaya H. Desai along with other lecturers from GPG, Surat planned and conducted this event successfully in direct guidance and supervision of Dr.V.S.Purani Sir, Zonal officer, South Gujarat, sub-zonal officer Prof.K.D.Panchal.

Higher edu institutes cold to jobs creation

TIMES NEWS NETWORK

Surat: Entrepreneurs and business representatives scorched authorities of higher education institutes for cold-shouldering their offers to employ talented students and an indifferent attitude towards research and development projects.

The burning issues were brought to fore in the first-of-its-kind meeting between the state education department and industry representatives organized at Veer Narmad South Gujarat University

(VNSGU) on Monday. The meeting was called to discuss issues related to employment generation and promoting start-ups.

Principal secretary, education, Anju Sharma, vice-chancellor of Gujarat University, Himanshu Pandya and other top officials of the

department were pounded with concerns by business representatives who slammed the education institutes for their cold approach.

The event titled ‘Industry-Academia Collaboration for Atmanirbhar Bharat’ began with the customary speeches of officials and vice-president of Southern Gujarat Chamber of Commerce and Industry Ashish Gujarati. But as soon as the forum was thrown open for interaction, at least 30 people raised their hands when asked how many were looking for the right candidates for recruitment. There

was a scramble by participants, to voice grievances.

“We have been called here today, but nobody contacts us throughout the year even when we are proactively looking for employees. We need skilled people but we never get support from education

Principal secretary, education, Anju Sharma addressing the event in Surat on Monday

nal institutes,” said a human resource (HR) manager of a real estate company.

Soon an IT entrepreneur raised a different issue. “Forget about the job, when I approached some educational institutes to get some R&D project done by students, the teachers outrightly rejected my request.”

An HR officer of a leading corporate having op-

erations in Hazira expressed concerns over the quality of graduates and gender inequality when they go to search for the right candidate in institutes. He said there were not enough girls in some core engineering faculties.

Sharma pointed at officials of i-Hub to look into the complaints.

While Sharma assured them of finding a way out, Pandya said, “In the present circumstances, candidates want jobs near to their home, five-day working, good salary and no stress. Employers want efficient people, but in meagre salary.”

The event was a joint effort of i-Hub, a state government set-up to facilitate start-ups. GU vice-chancellor Pandya is currently CEO of i-Hub. Along with promoting i-Hub, the event was also focused to create a bridge to help students provide employment.

Surat-Tapi Node, South Gujarat, Job fair-2021

An online job fair was successfully conducted on 17-18-Feb-2021.

Lecturer Pratik Mahendra Bagul and Mrigaya H. Desai along with other lecturers from GPG, Surat successfully completed this event as part of control room team in guidance of Dr.V.S.Purani, Zonal officer, South Gujarat. and sub-zonal officer Prof.K.D.Panchal.

VIDHI GAUTAMI

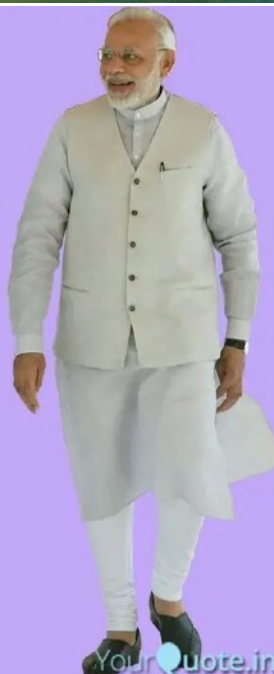

मोदीजी पर कविता

अ कहता है ऐसे है मोदी
ब कहता है ऐसे है मोदी
मैं बताती हूँ कैसे हैं मोदी
एक बच्चा बना कर चाय
बन गया प्रधानमंत्री
ओर बदल कर रख दी सबकी राय
इतने भोले इतने नियारे सुंदर सरल हैं मोदीजी हमारे
इन्होंने देखा था एक सपना
स्वरच्छ सुंदर हो देश अपना
झाड़ू लेकर निकल पड़े
भारत के पुत्र करने पूर्ण सपना अपना
नोट बंदी करके हटाया काला धन
देश के कोने से भीन भीन
भरस्टाचारियो कि उडा दी नींद
बच्चों की पढ़ाई कर के ज़रूरी किया नेक काम
ताकी सब बना सके अपना भविष्य और
देश का हो ऊँचा नाम
बेटियों को बचाने के लिए खोली संस्था
ताकि किसी निंदोष को ना मिले सज़ा
ऐसे है हमारे मोदीजी

ACADEMIC EXCELLENCE

This section demonstrates some of the best work of our students during the term in the subject of Architectural Design.

Landscape Design by Samiya Malik, Semester - 5

FOUNTAIN

- Most people think of a fountain as a decorative element.
- As the fountain is designed that way that you can hear the water drip as you pass.
- Modern landscape design is defined by clean edges and an uncluttered look. This landscape design style can be a great fit for a property with a contemporary or modern home as well as a refreshing juxtaposition to more traditional architectural styles.

SWIMMING POOL WITH SUNBATH SETTING AREA

- One of the benefits of sunbathing and relaxed areas is that they can bring some sense of playfulness to your outdoor.
- They give the different kind of looks to the pool as well as this space becomes a place to relax and unwind.
- The latest views of water and pool related in fact, the more light and sound of water can induce a blood of neurotransmitters that promote wellness, increase blood flow to the brain and heart and induce relaxation.

CONCEPTUAL SHEET

CONCEPT MODERN LANDSCAPE

PATHTWAYS

Lawns are a great choice for a stone walkway. It's a durable material that comes in many colors and can be cut into a wide variety of shapes and sizes, and it acts as a non-slip surface (perfect for those hot foot afternoons spent in your backyard).

OPEN GARDEN

Providing the garden with a sense of openness and a sense of connection to the outdoors. Grouping an open garden as one central area, a formal or garden in front of the house or with more number of people.

GAZEBO

Gazebos provide the semi open dining area with roof and wall it gives you a space where you can have your morning breakfast enjoying the morning breeze or can have night dinner with perfect candle light.

DETAINING WALL

Mixing garden with a structure with the help of Natural Elements to cover the pathway from sides and roof to give a sense of space as one water and enhancing the covered pathways with the help of light.

Design Brief : Housing Design is a multi-layer process which requires recall and application of knowledge of previous parameters of architectural design like Form, space, and order. Spatial organization and relationship to each other has to be carefully understood by the students. Site should be understood precisely by following aspects-climatology, topography, building by-laws, hierarchy of spaces. Occupants, Income group, Age group, Knowledge of structure, building material, building construction and building services has to be kept in mind before developing the design.

- Design Staff Quarters for Corporate Company. Staff quarters will be classified as per their designation.
- Classification of Dwelling Units as per Total Built-up Area

Following are the type of designation of Employees and their Dwelling requirement:

Sr. No.	Clients	No. of Units	Total Sq.Mt.	Space requirement
1	CEO/Director/President	02	160-170	4 BHK
2	SVP/VP/GM/Manager	04	140-150	3 BHK
3	Technician/Admin	08	100- 120	2 BHK
4	Workers	32	80-90	1 BHK
TOTAL		46	Total Site area: 5759 sq. Meters.	

Layout Plan

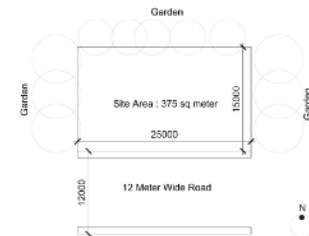

Project Brief: Design Food Kiosk/ cafeteria for a public Garden premises in urban context.

Space Requirements:

- Kitchen
- Serving Counter
- Storage
- Utility/WC/Urinal
- Sitting area (open/semi-open)
- Parking

Area:

- Site area: 375 Sq meter
- Building area: 60-70 sq meter

Jyoti nadiyapara

A PRECIOUS MOTHER

Mom you've give me so much,
Love from your heart
and the warmth of your touch.
The gift of life and you're a friend to me.
We have a very special bond which only
comes from God...
I'm sure you agree.

As a child I would say, Mommy , I Love you,
Now you're my Mother so dear
I love you even more with each and
every, new year.

If I could had chosen,
I would have picked no other.
Than for you ...to be my lifelong friend
and precious Mother.

Rangoli art by jyoti

Destruction

Alka upadhyay

*Broken bottles and charred pieces of glass,
Wadded up newspapers tossed on the grass,
Pouring of concrete and tearing out trees.
This is the environment that surrounds me?*

*Poisons and insecticides sprayed on our food,
Oceans filling with thick oil crude.
All sea life destined to a slow, awful doom.
These are the things we are to consume?*

*Mills pumping out iron, expelling yellow fumes,
Airlines emitting caustic gases from fuels,
Weapons of destruction tested at desolate sites.
And this is the air that's to sustain life?*

*There has to be something that someone can do,
Like raise the awareness to those around you
That if we don't heed the problem at hand
It's your life that's at stake, the destruction of man.*

Missing the mountains

Blood red clouds

Over tall white peaks

Silence within the pines

And steep deep cliffs

Flopping of the ducks

Swimming in the lake

Almost frozen it is

Where no trucks reach

And mules hobble

Up the mountain

To bring sugar and tea

This is the place

The place of my dreams

It's far from my home

But not too far for me
