Government Polytechnic for Girls, Surat

DEC-2023: Vol.- 5 Issue 4

Encode IT

E-Newsletter

Vision:

To be a pre-eminent information technology programme that empowers girls to meet the dynamic demands of Industry & society.

Mission:

- To provide quality education with best resources to achieve academic excellence.
- To create favorable environment that inculcate self-learning, soft skill and adaptability to latest technology.
- To develop competent professionals having highest ethical values and commitment towards the society.

Message from Head of Department

Dear students, colleagues and alumni

I am very happy that our Information Technology department is releasing 4th issue of volume: 5, quarterly e-news letter "Encode IT" where we are sharing some of the important news over the past three months. I take this opportunity to thank our staff editorial team for their great effort to make this newsletter. I also invite the readers of 'Encode IT' for their contribution and suggestions for the forthcoming issues.

Our faculty members, with their diverse expertise and contributions, are dedicated to guiding students towards academic excellence and preparing them for the challenges of the professional world. We encourage students to actively engage in projects and extracurricular activities that will not only enrich their academic experience but also contribute to the broader IT community. Together, let us create a vibrant and innovative environment that cultivates learning, collaboration, and success.

Good Luck

"Accelerating App Realities: Navigating 5G's Impact on Mobile App Development"

Mr. Roshankumar Rohit
Lecturer,
Department of
Information
Technology

Introduction

In an era where seconds matter, the introduction of 5G technology has not only transformed our connection speeds but has become a catalyst for a revolution in mobile app development. This article dives deep into the realms of 5G, exploring not just its technical prowess but how it's reshaping the very fabric of our app-driven experiences.

Unpacking 5G: Beyond the Speed Barrier

5G isn't just a buzzword for faster downloads; it's a seismic shift in connectivity. Imagine downloading an entire HD movie in seconds. This isn't merely a promise; it's the reality 5G brings to mobile app developers, unlocking a world of possibilities.

Immersive Experiences Unleashed

Speed is not just a number; it's the key to unlocking unprecedented user experiences. From high-definition video streaming without buffering to augmented reality

apps that seamlessly blend the virtual and real, 5G catapults mobile applications into a new dimension of interactivity.

The IoT Symphony

In the grand orchestra of the Internet of Things (IoT), 5G plays the conductor. Mobile apps can now harmonize with IoT devices in real-time, creating a symphony of interconnected smart homes, cities, and industries. Picture a world where your app seamlessly interacts with your thermostat, car, and refrigerator—all thanks to 5G.

Opportunities Knocking

For mobile app developers, 5G is an open door to innovation. Higher speeds mean larger and richer media content can be seamlessly integrated. Reduced latency opens the door to smoother gaming experiences and AR applications that respond in the blink of an eye.

Navigating Challenges

However, with great speed comes great responsibility. Developers must navigate the challenges of optimizing apps for 5G, considering the potential disparities in infrastructure and ensuring a smooth user experience across regions.

Security in the Fast Lane

As the speed accelerates, so does the need for robust security. Developers must prioritize end-to-end encryption and secure data transmission to maintain user trust in the age of 5G.

Conclusion

In the fast-paced landscape of mobile app development, the rise of 5G isn't merely an acceleration; it's a paradigm shift. From unlocking lightning-fast download speeds to creating immersive augmented

reality experiences, 5G reshapes the very core of our app-driven world.

In summary, this article delved into the intricacies of 5G technology, exploring its impact on mobile app development. We witnessed how 5G opens doors to unprecedented user experiences, revolutionizes the Internet of Things, and presents exciting opportunities for developers. Yet, with great speed comes responsibility, and developers must navigate challenges and prioritize security.

Understanding the practical implications of 5G isn't just staying abreast of technology; it's empowering yourself to pioneer innovation in the dynamic realm of mobile applications. The journey with 5G is not just about reaching destinations faster; it's about redefining the very nature of the journey itself.

SSIP

ANDROID WORKSHOP

Organised By
Department of Information Technology

DATE

SATURDAY 21, OCTOBER

TIME

10:30 AM TO 3:00 PM

EXPERT

Mr. Roshan Rohit, Lecturer (DIT)

Mr. Pragnesh Patel, Lecturer (DIT)

VENUE

A-107 & A-110 (DIT, GGP SURAT)

FACILITATOR

MS. JIGNA DESAI, HOD(DIT)

"Elevate Your Skills with Android Workshop" - Where Knowledge Meets Innovation!"

Toppers of 2nd Semester

TOPPERS OF 2ND SEMESTER

1

CHAURASIA LAXMI

1

PATTIWALA KRIPA

SPI : 9.68

2

VORA KHUSHI

SPI : 9.64

3

SHETA MAITRI

SPI : 9.50

Congratulations to all the students for achieving wonderful results. In
The Second Semester Examination...
Keep up the good work!!!

End Semester Exam: Summer -2023 (Top 3 students)

Sr.no.	Enrollment No.	Name Of Student	Rank	Semester	SPI
1	226150316003	Chaurasia Laxmi	1	2	9.68
2	226150316050	Pattiwala Kripa	1	2	9.68
3	226150316078	Vora Khushi	2	2	9.64
4	226150316066	Sheta Maitri	3	2	9.50

Puzzles

1. What has keys but can't open locks?
2. What letter comes next in this sequence? O, T, T, F, F, S, __.
3. I speak without a mouth and hear without ears. I have no body, but I come alive with the wind. What am I?

Previous Newsletter's Puzzles Answers

Q1: S = 6, E = 3, N = 8, D = 9, M = 1, O = 5, R = 7, Y = 4

Q2: 1 hour and 40 minutes

Q3: 15,112,113

In the final hush of college's embrace,
Emotions surge, a bittersweet trace.
Years of toil, laughter, and tears,
Now condensed in the end-of-year cheers.

Caps tossed, dreams unfurling high,
Goodbyes whispered, with a tear in the eye.
The campus echoes with memories dear,
A poignant symphony in every peer.

Lectures fade, but friendships stay,
Etched in the heart, come what may.
As we part ways, a silent vow,
To remember this moment, then and now.
